Applications are invited for engagement of "Student Internship" in a SERB funded project entitled "Elucidate the epigenetic pathways in type 2 diabetes and its associated nephropathy: a case control study" under Principal Investigator, **Dr. Gyanendra Kumar Sonkar, Additional Professor**, for the fulfilment of Scientific Social Responsibility (SSR).

Date of interview: Date of interview for eligible candidates to be intimated by email

Venue: Department of Biochemistry, KGMU, Lucknow

Post: Student Internship

Duration: 2 months only

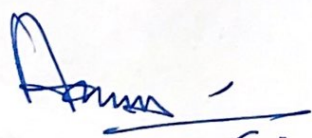

Financial support: Rs. 5000/- per month consolidated

Essential Qualification: Post graduate student of any branch of Life Sciences having experiences in Molecular Biology techniques such as DNA and RNA isolation and RT PCR will be given preference.

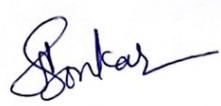

How to apply: Interested and eligible candidates should submit a scanned PDF single file containing complete CV including email ID, mobile number, date of birth and details of qualifications (high school onwards) having a latest passport size photo to **Dr. Gyanendra Kumar Sonkar** (Principal Investigator) by email (gyanendrkrsonkar@kgmcindia.edu) before 5 p.m., 02 September 2022.

Terms and conditions:

1. Project will be carried out in offline mode and the intern is supposed to work in the host institute (KGMU, Lucknow).
2. If the number of candidates are too many, then there will be a written test and only qualified candidates will be called for interview.
3. The progress of the project work will be evaluated after each week by Principal Investigator as per the SERB guidelines.
4. All the terms and conditions for this recruitment will be as per the guidelines of SERB and KGMU, Lucknow.
5. The above position is purely contractual, temporary and maximum for two months only
6. Candidates are directed to report for interview with all relevant documents in original.
7. No separate call letters shall be issued and no T.A/D.A. shall be paid for attending the interview.
